Worksheet: CROSS-SECTOR COORDINATION (Strategy 3.4)

User Guidance:

This worksheet may help you identify areas for alignment between your health department and other sectors.

- 1. Begin by thinking about current programs in other agencies and organizations that provide a service that directly or indirectly addresses child maltreatment prevention. For example: home visiting, parenting support; fatherhood; domestic violence; early literacy reading programs.
- 2. Consider the intersection between these programs and possible areas for closer alignment.

Examples:	Cross-Sector Coordination		
➤ Other State Agencies • Education • Child Welfare • Medicaid • Justice • Housing • Mental Health	Agency/Program/ Service	What is the intersection between HD programs and this effort? (e.g., similar service, population, venue)	What are potential areas for better coordination?
Children's Trust Funds Governor's Cabinets, Councils			
➤ State Chapters of Nat'l Orgs • American Academy of Pediatrics • American Public Health			
Association Prevent Child Abuse America Strengthening Families Children's Trust Fund			
≽Early Childhood Programs			
➤Local/County Agencies			
➤ Ethnic, Tribal, and Immigrant Perspectives/ Offices			
➤ Other Agencies with Related Funding Streams (e.g., private philanthropy; mandated funding organizations such as First 5 California)			
➤ Non-Profit Organizations • Faith-based organizations • Universities			
Health and social focused organizations			
➤ Community-based Orgs • YMCA •Boys & Girls Clubs •Big Brothers/Big Sisters •Family/Parent Resource			
Centers			
 Other Media, Businesses /Chambers Insurance Community planners
